Good afternoon Mary,

I have spoken to you on the phone prior to the first planning session that was held on the above referenced subject. I did not join the meeting in person but I attended via Zoom. I want to say I thoroughly enjoyed our brief conversation. The meeting answered important questions and allowed input for the Community Block Grant Mitigation.

We are requesting that water infrastructure be considered in the COG MOD.

We are a water district that services an area comprised of three different sectors. Our CCN and service area allows the district to provide potable and raw water to the City of Robstown, some of the northwest part of the City of Corpus Christi and undeveloped areas of Nueces County. Our district is neither a municipality nor is it county but we are a political subdivision, none the less. Having water service available during a crises is of paramount importance.

If you have any questions, please feel free to contact me to discuss.

Thank you, you are appreciated,

Addie Salinas-Hollers
